Report on SIDI Program

Students Interest and Development Initiative (SIDI) Jan-16-29, 2018

SRN Adarsh College started a 10 day Students Interest and Development Initiative (SIDI) on January 16, 2018. SIDI program was formally inaugurated by Justice N.Santhosh Hegde, Former Justice of Supreme Court, Former Solicitor General of India and Former Lokayukta, Karnataka two years ago and since then has been regularly organized for the benefit of all the degree students of the college.

Entrepreneurship Development program (EDP) sessions were effectively handled by Prof.M.S.Ranganathswamy. Students were taught to examine live case studies like Steve Jobs's and companies like Nirma and Infosys and also analyze them. About 50 BCom and BBM students attended these sessions.

Justice N Santosh Hegde

Justice Santosh Hegde - the name is synonymous to honesty, sincerity, integrity, hard work and perseverance. When this former Supreme Court Judge was appointed the Lokayukta of Karnataka on August 3, 2006, many had raised apprehensions. Will the soft spoken man be able to do justice to his new role which he would be taking charge from Justice Venkatachala known for his fiery remarks? Well, Justice Hegde proved his detractors wrong through his highly efficient style of functioning. Today after over three years as the Lokayukta of Karnataka, his functioning has been widely acclaimed and he is hailed as one of the best Lokayuktas of the state, even when the government is dilly dallying to grant suo moto powers to the Lokayukta.

Born on June 16, 1940 in Nitte village of Karkala in Udupi district, he is the son of former Supreme Court judge Late K S Hegde and Late Meenakshi Hegde and brother of N Vinay Hegde, the Chancellor of Nitte University. After his early education at St Aloysius School in Mangalore and Madras Christian College, Hegde completed his BSc from Central College, Bangalore and went on to have a degree in Law from Government Law College, Bangalore, now known as University Law College. Justice Santosh Hegde was a talented sportsman throughout his school and university career and even represented his school team in various games including the inter-state cricket tournament. He also represented the State of Mysore and University of Mysore in hockey.

After completing apprenticeship training, he enrolled as an advocate in January 1966. He was appointed as the Advocate General of Karnataka in February 1984 and held that position till August 1988. He worked as additional Solicitor General of India from December 1989 to November 1990. He was re-appointed as the Solicitor General of India in April 1998 and was appointed as a Supreme Court Judge in January 1999, a position which he held till June 2005.

A highly disciplined man, Justice Hegde, as the Lokayukta of Karnataka, has proved a nightmare to the corrupt officials and bureaucrats. Determined to root out corruption from the society, he strongly believes that this can be achieved if the younger generation makes up its mind. He has been off and again giving a clarion call to the students to raise voice against corruption. Partly blaming the common man for the spurt in corruption cases, Justice Hegde strongly feels that the menace can be eradicated when people stop bribing the officials.

During his tenure, several skeletons have rolled down the cupboards of various government departments in various parts of the state and several officers trapped for possessing disproportionate wealth. But the dangerous tentacles of this evil called corruption is continuing to spread far and wide and it is only determined efforts on the part of the society that can crack down this menace.

Justice Santosh Hegde who is also involved in various other organisations, has been befittingly conferred with several awards in recognition of his yeoman service. The Mangalore University has conferred on him an Honorary Doctorate of Law. He has also won the Vandana Award.

Justice Hegde was appointed as Karnataka Lokayukta on August 3, 2006 for a term of five years and still had 14 months left in his tenure. He was given a public service award from Transparency International for his work.

Report on Executive development program (Rahul Kapoor)

Venue: Auditorium

Date	Module
26th Feb	Team Dynamics
27th Feb	Goal Setting
28th Feb	Success with Values
1st March	Business Etiquette
2nd March	Effective Communication
3rd March	Corporate Culture

The EDP Series 1 had some intense modules on Team Dynamics, Goal Setting, Business Etiquette, Success with Values and Effective Communication. Below are some of the take away for the students in each session:

Team Dynamics:

Though there are various indoor training methodologies through which one can build a powerful personality. This was one such initiative.

Participants experienced different activities and therefore learnt a lot of messages which they could implement in their own personal life and academics. Some of the biggest learning was to work in team and helping each other to succeed. The idea of this program was to bring the oneness and build team spirit among the students.

Goal Setting Skills

The three clear objectives of the program were:

- To help participants set personal educational and career goals
- To train them in self-motivation techniques
- Improve networking skills

individual and as an effective team player is the key to all success. Though there are various indoor training methodologies through which one can build a powerful personality. This was one such initiative.

Participants experienced different activities and therefore learnt a lot of messages which they could implement in their own personal life and academics. Some of the biggest learning was to work in team and helping each other to succeed. The idea of this program was to bring the oneness and build team spirit among the students.

Goal Setting Skills

Everyone has heard to succeed, you need a plan. Why then do so few of us take the time to identify our goals and make a plan for reaching them? This training module helped the students in setting goals in a very scientific manner and helps you create an action plan to make your goals realities. The three clear objectives of the program were:

- ✓ To help participants set personal educational and career goals
- ✓ To train them in self – motivation techniques
- ✓ To help them excel in life

This being Rahul Kapoor's signature he not only helped the students to set goals but also trained them on the 8 steps to goal setting and also gave them techniques on how to motivate themselves to achieve them.

Business Etiquette

Understand the principles of business etiquette, recognize the importance of first impressions, understand appropriate workplace behavior and rules of privacy and property and learn how to cultivate relationships and build rapport with people. These were the top focus on this program and the program also covered the following aspects:

Sitadevi Ratanchand Nahar

ADARSH COLLEGE

- Giving and receiving a business card
- Art of shaking hands
- Power dressing tips
- Improve networking skills
- Telephonic conversation
- Social conversations and celebrating success

Success with Values:

This program allowed the students to create values through leadership, initiative, positive approach, attitude and simplicity. This program also made the individual to think beyond his imagination to succeed in life by understanding the importance of values and taking initiative and developing sense of success through positive thinking.

The highlight of this program was to:

- ✓ Develop Leadership traits
- ✓ Attitude vs Hard Work
- ✓ Create human values in life

Effective Communication and Corporate Culture

Communication has become an important aspect of development and progress.

Management across the various industries have realized that effective

Communication skill among people not only helps them in communicating well, but also helps in maintaining better interpersonal relations at the personal life and at workplace. This program had Dale Carnegie techniques which will make an individual to communicate better to achieve success in life. Some of the key take aways were:

General report of the workshop

This report consists of the status and outcome of the workshop and a suggested action plan. Four rounds of GDs and several mock interviews for every student were conducted. Based on their performance and confidence level, they have been categorized in 4 teams. Team 1 includes the students who are proficient and confident. Team 2 consists of students who were second best. Team 3 includes the students who are capable but they lack confidence and need that extra push. Team 4 comprises of those students who are slightly passive and they need special care as their basic drawback is communication skill. A little extra care from the mentors, teachers and placement officers can do wonders for all these students. Considering the performance of the students in the GDs from the beginning of the day to the end of the workshop, it can only be said that there was a giant leap. They learnt to think out of the box for any given topic from controversial to abstract to case studies. Apart from that, they learnt to play a leadership role in the GDs, became more assertive in their verbal as well as body language. Most noteworthy breakthrough was noticed in the way different students initiated the GDs in different ways. Even the few initially diffident participants of team 3 & 4 also broke out from their shells and initiated a GD confidently. This significant change could be noticed for all the students due to video recording of the discussion and review the same during every session.

The students also learnt the technicalities of interviews, especially personality based questions, noted down model answers that were dictated to them, created their own answers for most FAQs and handled questions with relative ease during the mock interview session.

Suggested Action Plan

3 teams with a team leader in each team have been created, based on their performance levels. The other teams can watch the GD and learn in the process. This would mean that there would be at least 3 GDs per month and 18 GDs over a span of

6 months. If the students diligently participate in the same, their confidence and other skills would automatically increase. The teachers and the students have been requested to feel free to revert to us if any assistance is required.

Furthermore, following are some simple topics that the students can work on:-

1. Poverty often kills talent. What can society do about it?
2. Is T20 cricket killing the real cricketing skills?
3. Is India safe for Indians?
4. Business is a war!

Sitadevi Ratanchand Nahar ADARSH COLLEGE [A Unit of Adarsh Group of Institutions]

5th Main, Chamarajpet, Bengaluru - 18 | www.agieducation.org

Affiliated to Bengaluru City University | Certified by ISO | Accredited by NAAC

5. Global Warming- the biggest threat
6. Cinema is corrupting the moral fiber of youngsters
7. Should smoking be banned completely?
8. Number 10
9. Sending criminals to prison is a complete waste of time
10. Given a justified cause, terrorism is justified
11. Is cricket overshadowing other games in India?
12. Money is sweeter than honey
13. Indian TV channels are destroying our culture more than the foreign channels.
14. The pros and cons of having a credit card
15. What is wrong with child labor?
16. Corruption and democracy go hand in hand
17. India needs another dose of dictatorship
18. Is computer the death of the newspaper?
19. Life is a chair
20. Soft skills are given more importance than technical skills
21. Is the reservation policy in India justified?
22. Should GD be a mass elimination round?
23. Impact of 15th August on today's generation
24. Indian villages – our strength or weakness?
25. Is love just a 4 letter word?
26. 2020
27. Small is beautiful
28. Living with a roommate
29. Indian techies wish to set up a career abroad. What is your view on this?
30. Pink Pajama on the Red Fort

As far as interviews are concerned, the students were asked to thoroughly prepare the most important questions that were discussed. 2 students from each section and made representatives who will conduct the round of GD's and Interviews and weekly updates will be made on email by these representatives and feedback will be shared accordingly.

We wish all the students the very best in their careers. Needless to say, our support can be counted on anytime.

The Bottom Line

Considering the feedback of the students as well as the assessment of the trainers the workshop can be undoubtedly called successful from both end.

Report on Seminar:- Value added program for I.M.Com by Stock byte Investment organisation

On 21st of April 2022, Mr. Kishore who is our proud alumni from Stock byte Investments, approached us to give Access to our M.Com students on Unlimited Content on Capital Market and Finance, including Fundamental Analysis, Technical Analysis, Live Market Sessions, Master Sessions, Career Orientation Sessions, Recorded Contents and Course Materials from Indian and Global Certification Bodies like ACCA, CIMA, CMT, IFM, CISI, BSE Institute, AICPA, CFI, CMA, IOA, CA Course, AICPA, NISM and Many other bodies.

Mr. Kishore had an interactive session with our M.Com students wherein he gave in-depth details about Stock byte and the courses covering areas like Stock Markets, Fundamental Analysis, Technical analysis, Banking and Finance, Mutual Funds, Behavioural finance, commodities, GST, Taxation, Fintech, Algo Trading, Forex, Investment Banking, CA Training, Hedge Funds, Crypto Currency, Block Chain, Capital Market, Foreign Exchange, Fraud Risk Management, Estate Planning, Insurance, Corporate Governance, Crowd Funding, Project Financing, International Finance.

He also emphasised on the fact that it's a one single place where students can also unlock certifications from bodies like CISI, BSE Institute, IFM and Others on the app. He gave live demonstration on the Stock byte App and its applications.

He also told that app also gives us access to Live Sessions happening on every day basis, which covers Live Market Sessions by experts, Master Sessions, Sector Analysis (Recorded), Technical Analysis concept learning, Special Session by experts, Q&A Sessions.

It also offered VAP (Value Added Program) along with certifications to college, at the same time it also offers CPD (Continues Professional Development)

Report on Inhouse symposium on Creation of eco system for innovations and
Guest lecture on "Entrepreneur vs Opportunity Creator" – 2022

Date: 30.07.2022

Venue: Auditorium

MCom Students presentation on Startups

Resource person: Mr. Sunil Sulegai R.

On 30.07.2022 Placement & Career Guidance Cell has organised Inhouse symposium on Creation of eco system for innovations and Guest lecture on "Entrepreneur vs Opportunity Creator" – 2022. One of our proud Alumni Mr Sunil Sulegai, Sunil Sulegai [BBM Batch 2006 – 2009] **Founder of Sulegai Mobile Apps Private Limited**, was a resource person of the day. After the formal

introduction about the speaker by Placement officer Mr. Kiran G, the stage was set to get some knowledge about the topic.

He gave self-introduction about himself and remembered the days he spent in SRN Adarsh College. After his introduction he gave brief insight about the topic **Entrepreneur vs Opportunity Creator**. With the help of PPT he addressed the students with great zeal and enthusiasm. Some of the key highlights of his are as follows:

talks

Entrepreneur vs Opportunity Creator

- ❖ "Opportunities are everywhere".
- ❖ An entrepreneur - identifies it, strategizes it and executes it. To achieve desired results.

There was a Q&A sessions in which our students participated actively and clarified their doubts on the subject.

Final year Mcom students presented two startup presentations in front of the audience which was much appreciated by the resource person.

The event concluded with vote of thanks.

Report on Intellectually Property Rights(IPR) on 5/8/2019

Resource Person: Rakesh

The definition, meaning of Intellectual Property rights and the significance of protecting intellectual property were briefly explained. Patents, types of patent applications, and prosecution of patent were covered under the topic Patents. The benefit of patent for trade secret was highlighted. The differences between real and unreal logos, and products were highlighted with examples.

Importance of Geographical indicators which are given to the community, were explained. The geographical indicators include Tirupati Laddu, Basmati Rice, Channapurna Toys and Mysore Silk was given as examples.

Outcome of the Event:

Students and Faculty members were able to understand

- The need and significance of IPR
- Difference between Real and Unreal products
- Counterfeiting the unreal or similar products
- Geographical Indicators and its benefits

Chamarajpet, B'luru-18

Date: 22.11.2021

(Through Principal)

From
Rathod D B
HOD-BCA Department
SRN Adarsh College
Chamarajpet, B'luru-18

Respected Sir,

Subject:

1. Permission to participate in Science Videography Training Workshop and
2. Arranging Transportation for BCA Students to take part in Workshop.

With reference to above cited subject, I am pleased to inform you that our BCA-I, BCA-II and BCA-III year students are participating in 3 days Science Videography Training Workshop conducted by Karnataka Science and Technology Academy (KSTA), Govt. of Karnataka, Bengaluru from 23-11-2021 To 25-11-2021. So, I kindly request you to permit our students to participate in the workshop and do the needful. And I also request you to provide transportation facility for the same. Students will be accompanied by Faculty members.

Thanking You,

Coordinator

REPORT ON KSTA VISIT BY 1 YEAR BCOM A SECTION STUDENTS

KSTA (Karnataka Science and Technology Academy) had organized "Vigyan Sarvatra Pojyathe", a festival of Science for all as a part of Science Communication, Popularization and its extension. In this context various competitions were held for UG and PG Students to commemorate the Azadi Ka Amrit Mahotsav (Celebrating the 75th year of Indian Independence) sponsored by Government.

The program was supported by the Department of Biotechnology, DRDO, ISRO, CSIR, Ministry of Earth Science and Department of Atomic Energy. In this event, special talks by eminent scientists on various scientific topics, science expo by prestigious scientific organizations, book fair were organized in KSTA premises, Government of Karnataka.

1 year BCom A Section Students of SRN Adarsh College, along with three faculty members viz., Prof Kiran G, Prof P Uma and Prof Radha Sharadchandra Agarkar visited KSTA Campus on 23rd February 2022 (Wednesday). On the day of visit, a special talk was arranged by KSTA authorities to prove that how science and technology helps in the human community to survive, how to follow nutritious diet etc.

Drawing competition was organized for the students by KSTA on 23/2/2022 where out of 34 students one student participated in the event. The program was successful and the students understood the technological advancement in the country, need of science and technology in the daily life etc.

Special Talk by eminent scientist on "The Annals of Science and Technology"

KSTA VISIT

SEMINAR SERIES FROM 23/2/2022 TO 28/2/2022
VIGYAN SARVATRA PUJYATE
FESTIVAL OF SCOPE

24/2/2022

In order to celebrate science day on February 28 2022, KSTA had organized number of science events for the ongoing week which included two session seminars with most renowned personalities as a resource persons from prestigious organizations like ISRO and DRDO who enlightened the students with their knowledge.

On 24th of February 2022, I Year BCom students with great zeal and enthusiasm participated in the seminar. During the first session of the day students were enthralled by eminent spokesperson like **Prof. M R N Murthy, former Dean, Indian institute of science, Bengaluru,** and **Sri B N Ramakrishna, Deputy Director at ISRO Telemetry, Tracking And command Network** on the topic "Milestones in Indian Modern Science & Technology." They prolifically thrown light on various aspects of Satellites and their making process.

Outcome of the event:

1. It created a scientific awareness and helped to build scientific temperament among the students.
2. Being a Non science stream students it was a great opportunity to learn multi-disciplinary subject which is very much essential in present time.

SRN ADARSH COLLEGE felt proud to be a life time member with KSTA. In collaboration with KSTA number of seminars, conferences, workshop had been organized in the institution. Taking this opportunity we encouraged our students to participate in the science based competition organized by KSTA. Even though our students are from non-science background, we always encourage our students to learn multi-disciplinary subjects which is also a vital objectives under New Education Policy.

On 25th of February 2022, III Year BCom students with great zeal and enthusiasm participated in both seminars and Science & Maths Model making competition. During the first session of the day, students were enthralled by eminent spokespersons like **Shri V R Prakash Babu, Scientist 'F', LRDE, DRDO Bengaluru, and Dr. Niranjan Prabhu, Head-Department of Chemistry, Ramaiah University of Applied Sciences**. The first session resource person prolifically threw light on various aspects of Satellites and their making process at DRDO, Science, Technology and Innovation for Self Reliance/AtmaNirbhar Bharath. While, the latter session resource person in his talk acknowledged the work of all legendary ancient & modern scientists of India.

For Science & Maths Model Making event, our college students from all streams participated with great enthusiasm. The theme they all selected for their model making in application of Science & Maths and how it can be easily understandable & made useful for lay man. The model made by I year BCom students on Hologram was highly appreciated by the judges & other staff at KSTA. The other models which our students prepared were on Drip Irrigation, Clinometer, Nutrition Awareness model, Seismography, Volcanic Eruption & Pythagorean Theorem. It was the most memorable and knowledge acquiring session for our students as they got this opportunity to showcase their talents post pandemic. In between the

seminar and competition students also visited the exhibition wherein all the prototypes of ISRO and DRDO were displayed along with complete details. It was really an eye opener and proud moment for all of us to know the amount of knowledge it takes to be in that field. Finally the day was ended with a group photo session which always our students cherish for their life time.

KSTA VISIT- REPORT

KSTA (Karnataka Science and Technology Academy) had organized "Vigyan Sarvatra Pujyathe", a festival of Science for all as a part of Science Communication, Popularization and its extension. In this context, various competitions were held for UG and PG Students to commemorate the Azadi ka Amrit Mahotsav (Celebrating the 75th year of Indian Independence) sponsored by Government.

The program is supported by the Department of Biotechnology, DRDO, ISRO, CSIR, Ministry of Earth Science and Department of Atomic Energy. In this event, special talks by eminent scientists on various scientific topics, science expo by prestigious scientific organizations, book fair were organized in KSTA premises, Government of Karnataka.

Final year BCom A & B Section Students along with three faculty members viz., Asst. Prof Srikrishna Swaroop, Ms. Bhavana and Ms. Rekha visited KSTA Campus on 26th February 2022 (Saturday). On the day of visit, a special talk was arranged by KSTA authorities to prove that how science and technology is helping the human community to survive, how to follow nutritious diet etc.

Quiz competition was organized for the students by KSTA on 24/2/2022 where out of 65 students 14 students (7 teams) participated in the event. The program was successful and the students understood the technological advancement in the country, need of Science and technology in the daily life and the like.

Students also got engaged in recreational activities available in the KSTA campus. Overall it was an infotainment exposure for the students.

Science and Tech. videos projected for students at KSTA.

SEMINAR SERIES FROM 23/2/2022 TO 28/2/2022
VIGYAN SARVATRA PUJYATE
FESTIVAL OF SCOPE

28/2/2022

In order to celebrate Science day on February 28 2022, KSTA has organized number of Science events for the ongoing week which included two session seminars with most renowned personalities as a resource persons from prestigious organizations like ISRO and DRDO who enlightened the students with their knowledge.

Azadi Ka Amrit Mahotsav (celebrating the 75th year of Indian Independence) is being celebrated all over the country. In this context, the Office of the Principal Scientific Advisory (PSA) and Ministry of Culture, Government of India in association with Vigyan Prasar an autonomous organization of the Department of Science and Technology, Govt. of India celebrated February 22-28, 2022 as the Glorious Week of Science called "Vigyan Sarvatra Pujyate". The program was supported by the Department of Biotechnology, DRDO, ISRO, CSIR, Ministry of Earth Science and Department of Atomic Energy.

On 28th of February 2022, all the BBA (I, II, III year) students and Prize winners with great zeal and enthusiasm participated in seminar and valedictory function. During the first and second session of the day, students were enthralled by eminent spokespersons like Shri. Dr. C P Ravi Kumar, Director Research and Training Bengaluru, and Dr. Easwaran, Project Director Biocon Academy Bengaluru on the topic "Looking Ahead-S&Y Roadmap for next 25 years."

Outcome of the event:

1. It created a scientific awareness and helped to build scientific temperament among the students.
2. Being a Non science stream students it was a great opportunity to learn multi-disciplinary subject which is very much essential in present time.
3. It was the golden opportunity for the students to learn and know the career guidance opportunities in ISRO and DRDO in various levels.

Faculty coordinators for the event:

1. Mrs. Veena V Savekar, HOD, Dept of Commerce & Mgt.
2. Mrs. Bhavana A, Dept of Commerce & Mgt.
3. Ms. Rashmi G, Dept of Commerce & Mgt.
4. Ms. Pushpa B, Dept of Commerce & Mgt.
5. Mr. Paniraj M A, Dept of Language.
6. Mrs. P Uma, Dept of Language.
7. Mrs. Lavanya, Dept of Language.
8. Ms. Radha, Dept of Language

Dear Madam,

Greetings from KSTAcademy!

I am happy to inform you that your short-term project proposal on "Evaluation of the anti-microbial and anti-oxidant properties of benzimidazole and its Copper and Nickel complex" has been selected for funding to the extent of Rs. 50,000/- (Rs. Fifty thousand only) by the panel of experts. KSTAcademy will release 80% of the sanctioned grant now and the balance amount (20%) will be released after submission of the final report along with the expenditure statement and the Utilization Certificate. You may please submit the project proposal with the following details in hard copy:

1. Literature survey relevant to the proposal
2. One narrow and well-defined goal
3. Methodology
4. Collaboration and other sources of funding and whether the proposed project is part of a bigger project proposal.
5. Timeline with milestones
6. Infrastructural facility available at the institution
7. Deliverables

Further, you may share bank account details of your college to transfer the sanctioned grant through KSTAcademy.

With best regards,

Dr. A. M. Ramesh

Head, KSTAcademy
